E★STAR PRONTO CONNECTOR

E★STAR Pronto Connector is an accessory provided for the E★STAR detonators. It is an assembly of two E★STAR connectors with an interconnecting wire. It can be used for connection of branches to the firing lines without the need of wire separation, stripping and joining. Simply attach one connector to the branch bus wire and the other to the firing line bus wire and the connection is made. It can also serve as a repair tool to repair a severed or damaged detonator leg wire.

It is supplied in three versions Standard, HD and Tunnel.

PRODUCT OVERVIEW

BENEFITS

- Easy branch connection
- Easily repair damaged detonator wires
- No need for wire strippers or knives for connection
- Grease filled connectors ensure a water resistant tight seal

STANDARD TECHNICAL DESCRIPTION
