E★STAR PRONTO CONNECTOR

E★STAR Pronto Connector is an accessory provided for the E★STAR detonators. It is an assembly of two E★STAR connectors with an interconnecting wire. It can be used for connection of branches to the firing lines without the need of wire separation, stripping and joining. Simply attach one connector to the branch bus wire and the other to the firing line bus wire and the connection is made. It can also serve as a repair tool to repair a severed or damaged detonator leg wire.

PRODUCT OVERVIEW

ADVANTAGES

- Easy branch connection
- Easily repair damaged detonator wires
